Julita Corbalán Gonzalez is an associate professor at the Computer Architecture Department at the Universitat Politècnica de Catalunya (Spain) and an associate researcher of the Barcelona Supercomputing Center (Spain). Corbalán received her BEng, MSc and PhD degrees from the Computer Architecture department at the Universitat Politècnica de Catalunya (Spain). Since 2001 she has been lecturing mainly on Operating System courses. Her research interests include processor management of openmp, mpi, and mpi + openmp applications, openmp runtime management and power-aware high performance computing. She has participated in several long-term research projects with other universities and industries, mostly in the framework of the European Union ESPRIT and IST programs.
